ANNOUNCE

**AN EARLY PRESCHOOL PROGRAM
PARENT AND INFANT CLASS**

(Parent(s) and Their 6 – 36 Month-old Children)

Tuesday and Thursday p.m.

January 23 - February 22, 2007 (10 classes)

A class for parents to learn to teach their children the basic skills of:

- Large and small muscle coordination;
- Oral language development through sensory stimulation;
- Print and number awareness;
- Enjoying poetry and other children's literature;
- Concept development; and
- Music and rhythm

Enjoy one-on-one time with your infant doing creative and fun activities designed to develop a basic foundation for your child's social, emotional, and educational needs.

Based on pre- and posttesting of children in this program over a five-year period of time, gains in mental and psychomotor development were more than twice what was expected. On average, for every *one* month in the program, the Early Preschool Program children showed more than *two* months of growth compared to the parents and children not in the program. This program, called "Enriching a Child's Literacy Environment" (ECLE), was validated by the Program Effectiveness Panel, U.S. Department of Education.

Learn to enrich your child's literacy environment! Register today.

Classes held Tuesday and Thursday, 1:00 p.m. to 2:00 p.m., January 23 - February 22, 2007 (10 classes).

Fee: \$100 for the session of 10 classes.

Special sessions for the parents on Building Self-Esteem are free of charge on days to be announced.

Class size is limited, so register early.
